

## Tourist Highlights

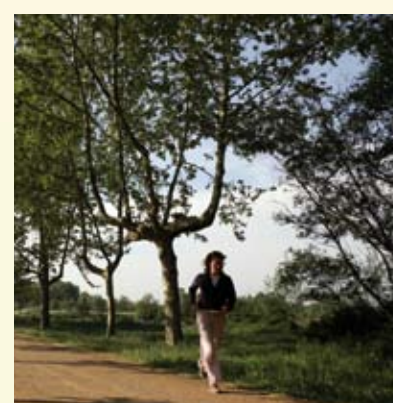

### THE BEACH

Our beach features an exceptional stretch of dunes bathed by the waters of the Mediterranean. Nearly 7 kilometres of activity, beauty, nature and relaxation, a place where games and sports coexist in harmony with sunbathing and relaxing.

### THE LANDSCAPE

The great expanses of green and wooded zones that surround the village form a unique setting, conducive to pursuits such as hiking, horse-riding and cycling.

### THE RIVER

Water plays a key role in Sant Pere Pescador. From the Fluvià river to the Mediterranean sea, water irrigates our crops, fills our wetlands, draws the rods of fishermen and carries along the vessels and surf boards of water-sports enthusiasts.

### THE SEA

Two strong winds – the Tramuntana and the Garbí – together with our large beach have made Sant Pere Pescador a notable gathering place for lovers of sea sports such as windsurfing and kitesurfing. Year after year, the ideal weather conditions prevailing over the sea here have facilitated the staging of the World Windsurfing Championship on our beaches.
